Known Issues in NGRX May 22, 2025 release

This section lists reported issues that remain unresolved as of the latest release. Wherever a workaround is available, it is noted or referenced in detail. For many of the workarounds in this section, you must have administrative privileges.

| Component | Issue | Description |
|------------------|-----------|---|
| NGRX Record Page | CE-122926 | Record page with multiple DDEs associated, takes time to load |
| NGRX Record Page | NGRX-6883 | When using the record lookup modal, it currently shows fields from all levels instead of just the relevant level linked to the Cross Reference field. |
| NGRX Search | NGRX-6991 | The calculation error details modal displays the field IDs instead of field names in the Formula |
| NGRX Search | CE-122885 | Order of selected fields in default search is different. |
| NGRX Search | NGRX-6852 | Column Width are not honoured for Inline Edit View on Search |

Resolved Issues in NGRX May 22, 2025 release

This section lists reported issues that are resolved as of the latest release.

| Component | Issue | Description |
|------------------|-----------|--|
| NGRX Record Page | NGRX-6451 | AWF Enrollment and Processing dialog flickers during screen transitions. |
| NGRX Record Page | NGRX-6019 | The AWF field for Workflow Current Node will return as copiable in the API response when it should return as not copiable. This will be fixed in the Archer Platform Release 2025.06 so that the option is not selected in App Builder |
| NGRX Record Page | CE-122880 | DDEs for specific status not working on the record page |
| NGRX Record Page | CE-122842 | Text boxes are not visible for new records when they are configured to display only in edit mode |
| NGRX Record Page | NGRX-6262 | When a user is in UTC time and edits a Date/Time field with Midnight (12:00 AM) as the time, the value is displayed as -5 hours from the entered day and time |
| NGRX Record Page | NGRX-6026 | Drop downs above section headers so not show entire list |
| NGRX Search | NGRX-6325 | When viewing a Search Report page from a Report Object, the report's selected fields and filters are not displayed while editing the report |
| NGRX Search | CE-122886 | Horizontal scroll bar on search results is not visible unless the users scrolls vertically to the bottom of the |
